Full Flight Support

The most popular way of cooperation. FCG OPS acts as an outsourced OCC (operations control center).

All related duties are provided by FCG OPS.

Partial Flight Support

This model of cooperation allows the most efficient distribution of operational duties between FCG OPS and the customer.

Here are some examples of services that FCG OPS can cover:

Specific tasks from full scope:

- Flight planning
- Handling arrangements
- Fuel tendering
- Assistance with permits
- Travel services

Specific regions:

- Asia
- Africa
- Europe
- Middle East
- North America
- South America
- CIS
- Transatlantic

Specific time frames:

- Weekends
- Night shifts
- High season

Specific flight purpose:

- Ad-hoc charters
- Regular charters
- Around-the-world flights
- Aircraft delivery
- And others

Other tasks, regions, time frames and flight purposes are covered by the customer.
